The Team will be able to confirm client's hotel reservations and can offer recommendations based on their needs at the lowest discounted rates. They can also arrange rental cars at a reduced rate for airport, training facility or hotel pickup, and can assist with ground transportation from the airport to the hotel, or the training center. The Signature Travel Services Team can also provide local information in preparation for their arrival in to the area as well as recommendations for restaurants and any other local amenities and attractions they seek during their visit. We hope to serve as a valued tool for Account Executives when confirming training for clients, and are available to respond to email or phone call enquires that clients may have regarding travel assistance. Please don't hesitate to forward those enquires to our team members so that we may be of service.

We thank you for your support.

We recommend to clients of CAE to plan their return flight

for the day after their training is scheduled to end.
