Your worldwide training partner of choice

All the essentials you need for simulation management

The screenshot displays the CAE LearningSpace Essentials web interface. It features a top navigation bar with 'CAE LearningSpace Essentials' and 'http://ls-essentials/'. The main content area is divided into several sections: a large HD window showing a simulation room with healthcare professionals; an 'Annotations' panel on the right with a list of events and checklists; a 'Simulator' panel at the bottom right showing patient vitals and a dropdown menu for 'Push content to simulation room'; and a bottom toolbar with icons for '3-way intercom', 'Push content to simulation room', and 'Real time patient simulator data'. Red lines connect these interface elements to their respective labels.

Large HD windows

Easy annotations

Custom or pre-loaded checklists

Quick access to patient simulator controls

3-way intercom (room, instructor, simulator)

Push content to simulation room (e.g. X-rays, lab results)

Real time patient simulator data

From formative simulations to performance-based skills assessments, LS Essentials facilitates better training and preparation for the clinical workplace.

Expanded Capabilities Include:
